Our Story:

In 2013 Mike and Cathi Dillon invested in a vineyard in the south of France, as a way to spend their retirement and in a country they both love. They met a very experienced English wine maker in France who had been making wine in the region for years. They went into business together and created 'Clos Ventas'. A cooling breeze passes the vines but with bags of sunshine which has produced juice that really stands out.

The vineyard has since been sold on to other passionate wine makers, and so when the Clos Ventas is gone, it will be gone forever.
